

Bishop Ellis Catholic Voluntary Academy

History Intent

At Bishop Ellis Catholic Primary School, we aim to provide a high-quality history education so that children gain a coherent knowledge and understanding of Britain's past and that of the wider world. We will inspire pupils' curiosity to know more about the past. We will equip pupils to ask perceptive questions, think critically, weigh evidence, sift arguments, and develop perspective and judgement.

Our curriculum for history will ensure that all pupils:

- know and understand the history of these islands as a coherent, chronological narrative, from the earliest times to the present day: how people's lives have shaped this nation and how Britain has influenced and been influenced by the wider world
- know and understand significant aspects of the history of the wider world: the nature of ancient civilisations; the expansion and dissolution of empires; characteristic features of past non-European societies; achievements and follies of mankind
- gain and deploy a historically grounded understanding of abstract terms such as 'empire', 'civilisation' and 'parliament'
- understand historical concepts such as continuity and change, cause and consequence, similarity, difference and significance, and use them to make connections, draw contrasts, analyse trends, frame historically-valid questions and create their own structured accounts, including written narratives and analyses
- understand the methods of historical enquiry, including how evidence is used rigorously to make historical claims, and discern how and why contrasting arguments and interpretations of the past have been constructed
- gain historical perspective by placing their growing knowledge into different contexts, understanding the connections between local, regional, national and international history; between cultural, economic, military, political, religious and social history; and between short- and long-term timescales.

At key stage one and two, children will know where the people and events they study fit within a chronological framework and identify similarities and differences between ways of life in different periods Core knowledge of the characteristics of Chronology, from the stone age to 1066, One study beyond 1066, Ancient civilizations, Civilizations around 900AD, Ancient Greece is mapped out carefully to ensure that the curriculum provides a framework for what children will retain in their long term memory. We intend for all children to understand how our knowledge of the past is constructed from a range of sources.

BISHOP ELLIS HISTORY CURRICULUM PLAN

CYCLE A

TERM	ADVENT 1	ADVENT 2	LENT 1	LENT 2	PENTECOST 1	PENTECOST 2
Reception	Own life-story and family's history.	Remembrance Day Basic chronology, before they were born.		To describe images of familiar situations in the past. (farms)	To begin to know about monarchy	To know about an area that has historical importance. (London)
KS1		Significant individuals from outside the UK (Rosa Parks) Civilization Advancements Significance		Events beyond living memory- Victorians Power, Advancements, civilization Change and continuity, significance, similarity and difference.		Local history Advancements, Chronology Continuity and change
LKS2		Chronology- UK Stone age to iron age Migration and settlements, Advancements, civilisation. Continuity and change,		Roman occupation of Britain Civilization, Advancements, Migration and settlement, Power Continuity and change, cause and consequence, significance, evidence		Study of Greek life civilization Advancements Migration and settlements Power Significance Continuity and change
UKS2		Crime and Punishment Power, Advancements, Civilisation Continuity and change Significance Similarity and difference		Non European Society- Islamic civilization civilization, Religion, Advancements , significance		Local History Study- KS2 Advancements Power Continuity and change Significance
