

# Bishop Ellis Catholic Voluntary Academy

## Art and Design Intent

At Bishop Ellis Catholic Primary School we aim to provide a high-quality art and design education which will engage, inspire and challenge pupils, arming them with the knowledge and skills to experiment, conceive and create their own works of art, craft and design. As children progress throughout the school, they will be able to think critically and develop a more sophisticated understanding of art and design using relevant vocabulary. They will also recognise how art and design both reflect and shape our history, and contribute to the culture and creativity of God's world.

Our curriculum for art and design aims to ensure that all pupils:

- produce creative work, exploring their ideas and recording their experiences
- become proficient in drawing, painting, sculpture and other art, craft and design techniques
- evaluate and analyse creative works using the vocabulary of art, craft and design
- have an understanding about great artists, craft makers and designers, and understand the historical and cultural development of their work.

At key stage one and two, core knowledge of using materials, drawing, painting and sculpture, the use of colour, pattern, texture, line, shape, form and space, a study of a range of great artists and of using sketch books is mapped out carefully to ensure that the curriculum provides a framework for what children will retain in their long term memory.
